

CRTLPyme Repository Cleanup Summary

Objective

Remove all deprecated Vercel and Supabase configurations and ensure all GCP references use the correct project ID: **crtlpyme-477300**

Changes Completed

Files Deleted (11 files)

Vercel-Related Files (6 files):

1. **vercel.json** - Vercel deployment configuration
2. **.vercelignore** - Vercel ignore file
3. **CONFIGURACION_VERCEL.md** - Vercel configuration documentation (Spanish)
4. **CONFIGURACION_VERCEL.pdf** - Vercel configuration documentation PDF
5. **GUIA_VERIFICACION_VERCEL.md** - Vercel verification guide (Spanish)
6. **GUIA_VERIFICACION_VERCEL.pdf** - Vercel verification guide PDF

Supabase-Related Files (5 files):

1. **scripts/02_verificar_con_supabase.js** - Script to verify database state using Supabase client
2. **scripts/03_backup_productos.js** - Script to backup products from Supabase
3. **scripts/04_verificar_tablas_existentes.js** - Script to verify existing tables in Supabase
4. **test_pg_direct.js** - Direct PostgreSQL connection test using Supabase credentials
5. **verify_db_status.js** - Database status verification script using Supabase connection string

Files Modified (1 file)

package.json

Removed dependency:

- "@supabase/supabase-js": "^2.76.1" - Supabase JavaScript client library

Change Details:

```
-   "@sendgrid/mail": "^8.1.6",
-   "@supabase/supabase-js": "^2.76.1",
-   "@types/pg": "^8.15.5",
+   "@sendgrid/mail": "^8.1.6",
+   "@types/pg": "^8.15.5",
```

GCP Project ID Verification

Status:  All Correct - No Changes Needed

Verified the following files contain the correct GCP Project ID (**crtlpyme-477300**):

- `deploy-to-cloud-run.sh` : `PROJECT_ID="crtlpyme-477300"`
- `setup-gcp-secrets.sh` : `PROJECT_ID="crtlpyme-477300"`
- `cloudbuild.yaml` : Uses `$PROJECT_ID` environment variable (set by GCP Cloud Build)

Summary Statistics

```
Total Files Changed:    21 files
Files Deleted:         11 files
- Vercel files:        6 files
- Supabase files:      5 files
Files Modified:        1 file (package.json)
Files with Existing Changes: 9 files (from previous work)
Lines Removed:         1062 lines
Lines Added:           12 lines
Net Change:            -1050 lines
```

Commit Information

- **Commit Hash:** ebf666c
- **Commit Message:** “chore: remove deprecated Vercel and Supabase configs, update to GCP project crtlpyme-477300”
- **Branch:** main
- **Status:**  Successfully pushed to GitHub

Previous Commit

- **Previous Hash:** 5a5734d

Important Notes

Files NOT Modified (Intentionally Left)

The following documentation files contain historical references to Vercel/Supabase but were left intact as they document the migration process:

- docs-academicos/Modelo_4+1_CRTLPyne.md
- TRANSBANK_INTEGRATION_VERIFICATION_REPORT.md
- DIAGNOSTICO_ACCESOS_Y_ESTADO_REAL.md
- INSTRUCCIONES_DEPLOYMENT_PRODUCCION.md
- MIGRACION_CATALOGO_MAESTRO_COMPLETO.md
- REPORTE_DEPLOYMENT_PRODUCCION.md
- Reporte_Modelo_Pool_Productos.md
- Analisis_Completo_Proyecto_CRTLPyne.md
- RESUMEN_ACCIONES_PENDIENTES.md
- CHANGELOG_POS.md
- Preparacion_POS_CRTLPyne.md
- scripts/README.md

These files serve as historical documentation of the project’s evolution and migration from Vercel/Supabase to GCP Cloud Run.

Current Production Configuration

- ✓ **GCP Account:** crtlpyme@gmail.com
- ✓ **GCP Project ID:** crtlpyme-477300
- ✓ **Database:** Cloud SQL PostgreSQL at 136.116.45.158:5432/crtlpyme

- ✓ **Deployment Platform:** GCP Cloud Run
- ✓ **CI/CD:** GCP Cloud Build (configured in cloudbuild.yaml)

Cleanup Results

Before Cleanup:

- Mixed configuration files for Vercel, Supabase, and GCP
- Deprecated test scripts using old Supabase credentials
- Unused Supabase dependency in package.json
- Potential confusion about which platform is active

After Cleanup:

- ✓ Clean repository with only GCP-related configurations
- ✓ Removed all deprecated Vercel configuration files
- ✓ Removed all deprecated Supabase test scripts
- ✓ Removed Supabase dependency from package.json
- ✓ Clear focus on GCP Cloud Run as the deployment platform
- ✓ Correct GCP Project ID (crtlpyme-477300) verified in all active files
